Recommendations for your child

Last updated Dec. 9, 2023

ENG2D1

Your child's progress in English is excellent and there is no need to improve it at the moment. They should consider asking their teacher for ways to boost their mark further if desired.

MPM2D1

Your child's progress in math is very good and there is no need to improve it at the moment. They should consider asking their teacher for ways to boost their mark further if desired.

SNC2D1

Your child's progress in science is very good and there is no need to improve it at the moment. They should consider asking their teacher for ways to boost their mark further if desired.

TEJ2O1

Your child's progress in computer technology is excellent and there is no need to improve it at the moment. They should consider asking their teacher for ways to boost their mark further if desired.

Report card summary

Upload your child's report card and let GPT-4 provide you a detailed summary of your progress.
